OBJECTIVE

I'm an Electronics and Communication Engineering student at NIT Srinagar with a growing interest in the design and simulation of sensors and electronic devices. I aim to build a strong understanding of how sensors work, how they are modeled, and how simulation tools can be used to improve their performance.

EDUCATION

Bachelor of Technology in Electronics and Communication Engineering Aug 2023 – July 2027 (Expected)
National Institute of Technology, Srinagar (Jammu and Kashmir)
CGPA: 7.881 (up to 4th semester)
Coursework: Microprocessor Architecture, Digital Electronics, Electronic Devices, Analog Circuit Design, Digital Communication, Antenna and Wave Propagation

Senior Secondary Education (Class XII) 2022
Board of Secondary Education, Ajmer (Rajasthan)
Subjects: Physics, Chemistry, Mathematics
Percentage: 92.20%

TECHNICAL SKILLS

Programming Languages	C, Java, Python, Verilog
Software Tools	Matlab, LTspice
Embedded Systems & IoT	Arduino,ESP32
Data Analysis	NumPy, Pandas
Development Platforms	Jupyter Notebook, Google Colab, VS code, PyCharm, Github

EXPERIENCE

Ethical Hacking & Penetration Testing Trainee July 2025 - August 2025
Center for Advanced Computing Development (C-DAC), Noida.
Network scan, traffic monitoring, and vulnerability identification using **Nmap** and **Wireshark**.

PROJECTS

- **Project A: 8085-Based Traffic Light Controller** August 2025
Designed and implemented a programmable traffic light control system using the 8085 microprocessor with 8255 PPI and 8259 interrupt controller.
Impact: Gained hands-on experience in memory and I/O interfacing, interrupt handling, and low-level assembly programming.
- **Project B: Home Automation**
Developed a smart home system for automated control of lights and fans.
Tools used: **ESP32, Sensors, Python, Arduino**

CERTIFICATIONS

- Online Cerification in Overview of Remote Sensing Technology, ISRO
- Online Certification in Introduction to Deep Learning, NVIDIA

EXTRA-CURRICULAR ACTIVITIES

- Worked as part of the Documentation and Certification Team at **Techvaganza**, NIT Srinagar (Aug 2024 – Oct 2024), contributing to document management and event certification processes.
